An Awesome Time for Middle School

When I look back at the past year, I'm amazed by all the great accomplishments this middle school group has made. We've done incredible things over this school year and we've helped many. I am still receiving reports from people who were blessed by us during the 30 hour famine. Then there's the 10 students around the world who are eating today because of what we did in October. And I can't forget the missions work we did in West Virginia last summer, the families we helped could heat their homes over this difficult winter, and the group of guys who shoveled driveways and sidewalks

during the blizzard. Then I remember our Surge retreat, the wonderful memories of Raja and Steve-o in tights to the worship time Saturday night. All these things remind me of how great our God really is—He will use anyone! Our group has done many great things to help others and I know this summer will be no different.

Looking into the future, this summer will be one of fun and growth. We are excited to welcome a brand new group of sixth graders. Continuing our tradition, we will have our third annual Mystery Trip which

promises to be the best ever. We are also taking our third trip down to Flemington, WV to help families in need. We've got a lot to look forward to over the summer months, and we have the ability to construct more-life changing moments for our group. We hope and pray that God will be moving in our group all summer long, and we look forward seeing what He will do.
